WORK EXPERIENCES

Freelance Photographer

- Completed university photography assignments using both analogue and digital cameras, gaining strong technical and creative skills.
- Collaborated on a photographic storytelling project focused on the climate crisis, from concept development to final curation.
- Conducted a professional food photography shoot for a Thai restaurant, handling styling, lighting, and editing.
- Built practical experience in street photography, capturing candid urban moments and refining visual storytelling techniques.

JOURNALIST

- Conducted interviews and field reporting for soft news stories on community events and local culture.
- Wrote engaging articles with a focus on storytelling, clarity, and journalistic ethics.
- Contributed photographs and multimedia elements to support written content.
- Covered stories from public spaces, capturing real voices and emotional moments.
- Gained hands-on newsroom experience through university projects and editorial collaboration.
